No-GI Jiu-Jitsu Uniform Requirements

IBJJF

SHIRTS AND RASH GUARDS

Both genders must wear a shirt of elastic material (skin tight) long enough to cover the torso all the way to the waistband of the shorts, colored black, white, or black and white, and, for colored belts (yellow, orange, green, blue, purple and brown), with at least 10% of the rank color (belt) to which the athlete belongs. The rank color must be placed so that the athlete's rank (belt) can be clearly identified whether the athlete is seen from the front or from the back. Shirts 100% the color of the athlete's rank (belt) are also permitted.

White belts: predominantly white (more than 50% of the surface); the only secondary color allowed is black.

Black belts: predominantly black (more than 50% of the surface); the only secondary color allowed is white.

Note: For black belts a small red area will be tolerated, but must not de-characterize the athlete's rank color.

SHORTS FOR MEN

Board shorts colored black, white, black and white, and/or the color of the rank (belt) to which the athlete belongs, without pockets or with the pockets stitched completely shut, without buttons, exposed drawstrings, zippers or any form of plastic or metal that could present a risk to the opponent, long enough to cover at least halfway down the thigh, and no longer than the knee.

Also permitted are compression pants (skin-tight spats) and/or compression shorts made of elastic material (skin tight), worn beneath the shorts, in the colors black, white, black and white, and/or the color of the rank (belt) to which the athlete belongs.

SHORTS, COMPRESSION SHORTS AND PANTS FOR WOMEN

Shorts, compression pants (skin-tight spats) and/or compression shorts colored black, white, black and white, and/or the color of the rank (belt) to which the athlete belongs. The shorts must not have pockets or have the pockets stitched completely shut, must not have buttons, zippers or any kind of plastic or metal that could present a risk to the opponent, and must be long enough to cover halfway down the thigh and no longer than the knee.

1. RASHGUARDS

COLOR REQUIREMENTS BY BELT

WHITE BELTS

The rashguard must be **predominantly white (more than 50% of the total surface of the rashguard)**. The only secondary color allowed is black, and it must cover less than 50% of the total surface of the rashguard.

COLORED BELTS (YELLOW, ORANGE, GREEN, BLUE, PURPLE AND BROWN)

The rashguard must be black, white, or black and white, and must contain **at least 10% of the athlete's belt color**. A rashguard entirely in the athlete's belt color is also allowed.

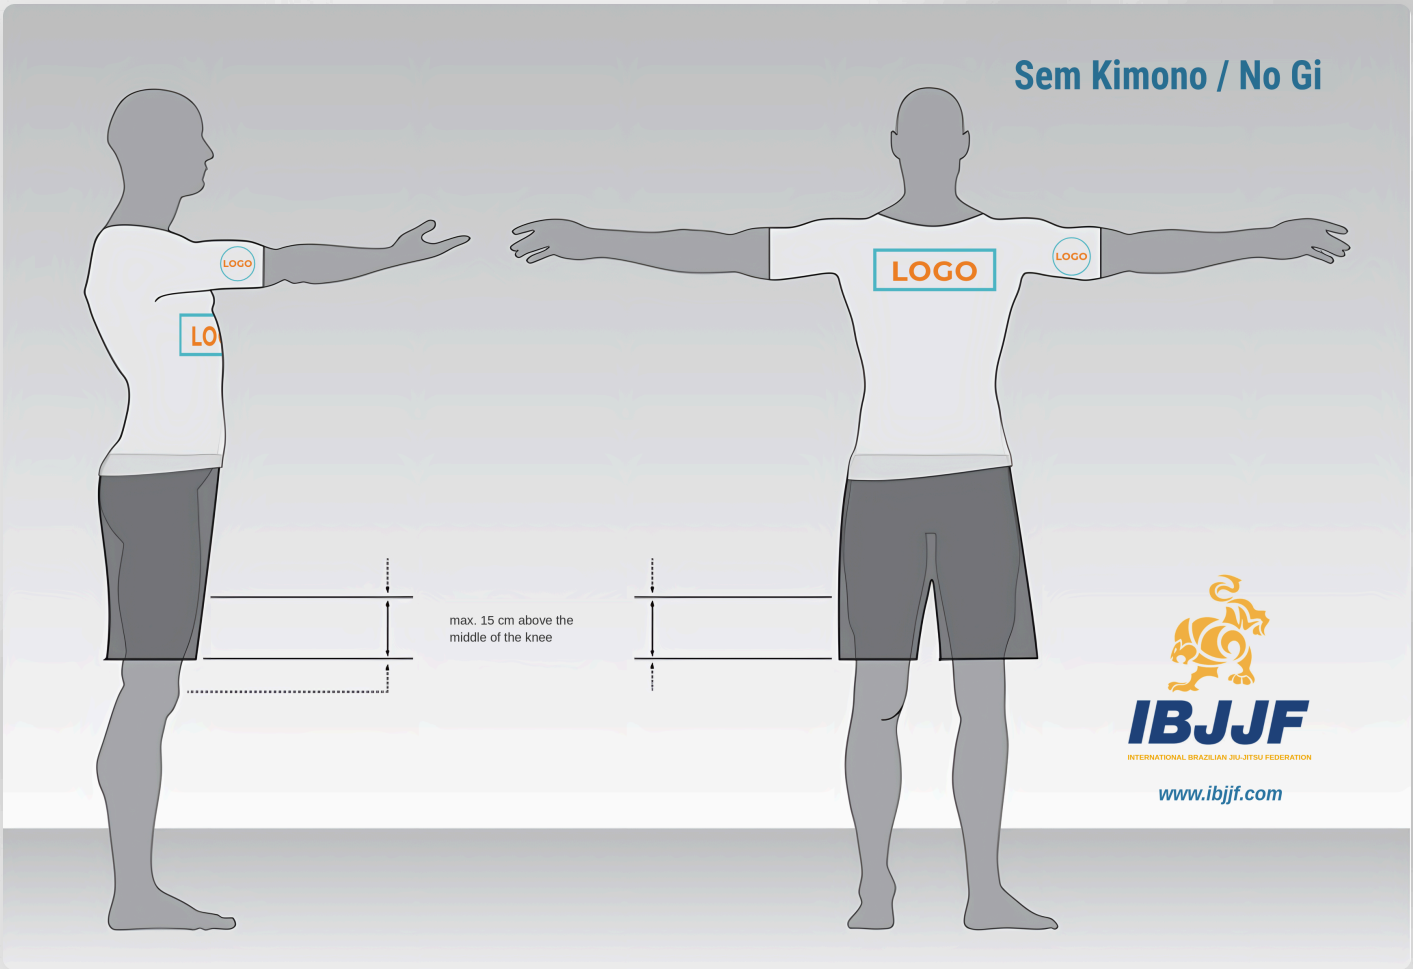

BLACK BELTS

The rashguard must be **predominantly black (more than 50% of the total surface of the rashguard)**. The only secondary color allowed for the remaining surface is white, plus a small amount of red (fully red sleeves are not allowed). The red must not take away from the athlete's belt color character.

SHORTS LENGTH

Shorts **must not be longer than the knee, and the bottom of the shorts must be no more than 15 cm above the middle of the knee**. Compression shorts and compression pants (skin-tight spats) may be worn beneath the shorts, in the colors black, white, black and white, and/or the color of the athlete's rank (belt).

For kids divisions, the shorts must cover at least halfway down the thigh.

WHITE BELT

The rashguard must be **predominantly white (more than 50% of the total surface of the rashguard)**. The only secondary color allowed is black, and it must cover less than 50% of the total surface of the rashguard.

YELLOW BELT (KIDS)

The rashguard must be black, white, or black and white, and must contain **at least 10% of the athlete's belt color**. A rashguard entirely in the athlete's belt color is also allowed.

ORANGE BELT (KIDS)

The rashguard must be black, white, or black and white, and must contain **at least 10% of the athlete's belt color**. A rashguard entirely in the athlete's belt color is also allowed.

GREEN BELT (KIDS)

The rashguard must be black, white, or black and white, and must contain **at least 10% of the athlete's belt color**. A rashguard entirely in the athlete's belt color is also allowed.

All green

Black
at least 10% green

Black and White
at least 10% green

White
at least 10% green

BLUE BELT

The rashguard must be black, white, or black and white, and must contain **at least 10% of the athlete's belt color**. A rashguard entirely in the athlete's belt color is also allowed.

All blue

Black
at least 10% blue

Black and White
at least 10% blue

White
at least 10% blue

PURPLE BELT

The rashguard must be black, white, or black and white, and must contain **at least 10% of the athlete's belt color**. A rashguard entirely in the athlete's belt color is also allowed.

BROWN BELT

The rashguard must be black, white, or black and white, and must contain **at least 10% of the athlete's belt color**. A rashguard entirely in the athlete's belt color is also allowed.

BLACK BELT

The rashguard must be **predominantly black (more than 50% of the total surface of the rashguard)**. The only secondary color allowed for the remaining surface is white, plus a small amount of red (fully red sleeves are not allowed). The red must not take away from the athlete's belt color character.

THE ILLUSTRATIONS IN THESE RULES ARE EXAMPLES ONLY.
NO OTHER COLORS ARE ALLOWED EXCEPT FOR TEAM AND/OR BRAND LOGOS.
